Praise God, His Healing Hands is looking forward to a full ministry schedule in 2022!

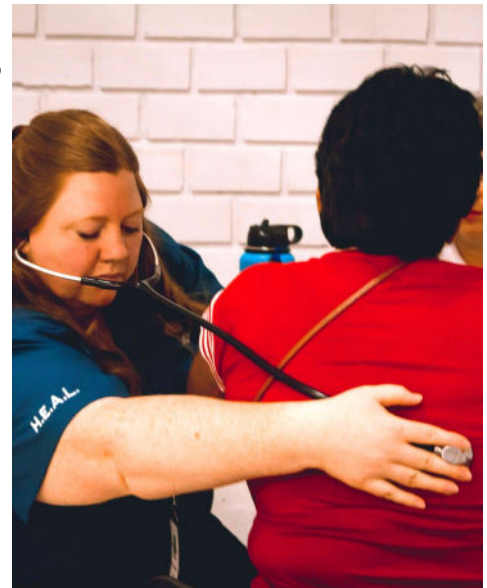

Nearly every country served by the short-term medical teams is now opened to receive foreign visitors following nearly 2 years of restricted entry due to the Covid-19 pandemic.

The one exception for now is India. However, in India we are not prevented from ministering there because of Covid restrictions but rather by their government who is very hostile to Christians. Our host in India has told us that for now it is too dangerous for Christian team to come to India to do ministry. Sadly, this is not a rare occurrence in India. Please pray for the Christians there and especially for our host, whose name I will not share because India has teams of people who actively search online to find references to Christians in India so they can be attacked.

Our 2022 ministry schedule, includes sending teams to Ethiopia, The Philippines, Mexico and 2 teams to Peru. 5 opportunities to provide free medical care and more importantly, to share the good news of Jesus Christ with people around the world!

Please pray about starting a monthly donation to His Healing Hands as during the pandemic many of the medicines and supplies we had on hand to support the medical teams expired and will have to be replaced. His Healing Hands has always look for and taken advantage of discounts when they are available so that we can stretch the dollars you have so generously donated. We continue to do this, but with the current supply chain problems and the severe inflation it is costing more to provide the full pharmacy of medicine and medical supplies to properly equip each team.

The medical clinics are the bridge that allow us to share the Gospel with each of the patients treated. So please consider a regular gift to make sure each patient has the medicine they need and will hear the love of Christ!

First Ministry Trip to Lima, Peru!

While ministering in Tarapoto, Peru for the past 5-6 years, we had the opportunity to meet Pastor Pepe Selem. For much of his younger life Pastor Pepe was a celebrity in Peru and even all of South America. He was a regular contestant on the long running History Channel program, "Worlds Strongest Man". In 2012 Pepe was included in The List of Superhumans in a special made by the History Channel.

During Pastors Pepe's time in active competition, he became a Christ follower through the efforts of Pastor Jaime Gomez, the father of Pastor David Gomez, our partner in Tarapoto. Because of his fame, we invited Pastor Pepe to minister with us in Tarapoto using demonstration of strength to attract large audiences. Selem would then transition from his human strength to the strength he has because of Christ in his life.

Since Pepe and his family live in Lima, and he had felt God calling him to become a pastor, he planted a new church in Lima.

Starting April 8-15, 2022 His Healing Hands will begin a new 5 year partnership with Pastor Pepe and Iglesia Esmirna Sur, (Smyrna Church South.)

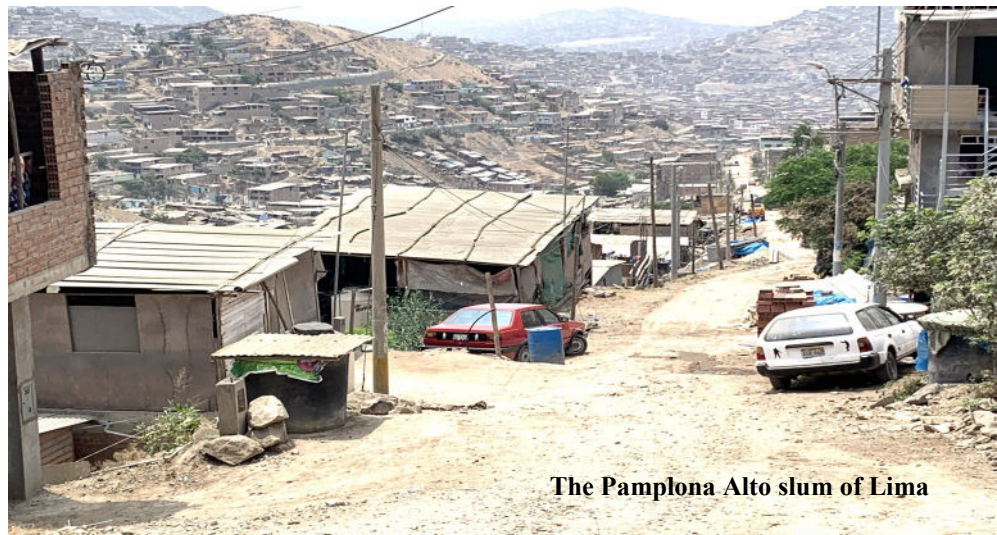

While in Lima visiting and planning with Pastor Pepe in January, he shared his passion to plant a new church in a huge slum area of Lima known as Pamplona Alta. There are more than 340,000 people living in this place of almost no paved roads and where the only reliable infrastructure is electricity. There is no running water and no natural gas services. The people have improvised water tanks which are filled from water delivery trucks. This water costs them nearly 10 times as much as water delivered in pipes in other parts of the city. There is also no sanitary sewage system so the residents must dig pit latrines over which they build out-houses.

Pepe shared with me that there are also no churches inside the boundaries of Pamplona Alta. His church has been ministering there for several years by providing water filtration systems as well as childcare for parents and special events for the kids there. He had a dream to start a church in Pamplona Alta and will use the His Healing Hands medical clinics to give the new church a jump start!

The local civic leader of one of the districts in Pamplona Alta has offered the use of the Community Center for the medical clinics and for holding church services. We are looking forward to sharing Christ and giving medical care to as many people as possible during our two-day ministry there.

Pastor Pepe Selem bending rebar prior to sharing a Gospel message in Tarapoto.

The Pamplona Alto slum of Lima

Since Pastor Pepe is so well known in the sports world in Peru, he wants to also host events which will draw professional and amateur athletes so Christ can be shared with them as well. These events will also be a big draw for sports fans.

There will be a 2-day youth soccer tournament for elementary aged kids with the awards ceremony including an evangelistic message for the kids and their parents.

Carl Dawson, our CEO, has invited his friend, Pastor Wendell Mathis to be a part of the His Healing Hands ministry team. Wendell played for the Minnesota Vikings for a short time until injuries ended his career. NFL football is hugely popular in Lima so many will be drawn to events where Wendell will preach to the athletes about physical as well as spiritual preparation. In a second workshop he will preach about breaking your limits in sports and in one's spiritual walk.

Our own Randy Bossom will be preaching at Pastor Pepe's church and at a conference for pastors. At that conference we want to give each pastor and leader a Thompson Chain Reference Study Bible. These pastors cannot afford such an expensive Bible and it will be a great blessing to them in their personal study as well as their preparation of messages to their churches.

Jacquelyn Jangaard will provide an inspirational message to the women of the churches as we provide a special conference for women.

We are all very much excited to be traveling to do the ministry God has called us to. I know you are equally excited to participate in this ministry by sending us equipped with the medicine, medical supplies, and the Gospel of Jesus.

Please join with us by giving to provide a Bible, medicine, medical supplies and the saving grace of Jesus to the people of Lima, Peru!

We offer 3 easy & Convenient ways to Give.

1. Go to our website www.hishealinghands.com
2. Text the amount and keyword "Lima2022: to 805-262-8404.
3. Mail your gift to:

Starting a New Ministry to the Women of Peru

His Healing Hands has now had more than 10 years of ministry experience in Peru in 5 different districts. We've provided medical care for thousands and seen nearly 1,200 people profess Christ for the first time. While that is fantastically encouraging, there is one very troubling statistic we have also learned.

Cervical cancer is the number one cause of cancer deaths among women in Peru. While in the United States it is 2.2 per 100,000 women. The cervical cancer mortality rate in Peru is nearly 27 per 100,000 women. The mortality rate for women in Peru is more than 10 times that of women in the USA.

We believe the reason for the high rate of cervical cancer in Peru is the lack of access and reluctance of women to come into a medical office to do their screening tests.

His Healing Hands wants help address this health need in Peru. Dr. Richard Liu, a member of our board of directors, is working hand in hand with HHH, health department officials in Peru, and the local church to establish a permanent Women's Health Clinic in Tarapoto, Peru.

The new clinic will provide advanced cancer screening to all women in the greater San Martin district, free of charge and will then refer them to medical professionals who can provide treatment for those who show signs of pre-cancerous cells. With proper treatment the cancer can then often be prevented.

This new His Healing Hands ministry will be called, "His Healing Hands of San Martin".

We have already begun all of the applications and legal work needed to establish the Charity Association in Peru and expect to have our approvals by the end of March.

For now we ask you to pray that all of the groundwork can be properly and quickly accomplished and we can move ahead with finding a building and getting the new clinic operational.

We are praying the Lord might provide this building for the Women's clinic

His Healing Hands 2022 Central Coast Celebration Dinner June 16, 2022 Sculpterra Winery, Paso Robles

The plans for our Annual Celebration Dinner are well underway! With Covid behind us we can move the date back to a Summertime event. Your donation of \$450 sponsors a table of 8.. Perhaps you cannot sponsor a table but you could host a sponsored table by inviting and bringing 8 people to fill a table.

You can find more details by going to our website and clicking on the 2022 Celebration Dinner link.
